4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.
We excavated approximately 12,000 tons of waste from a blast that had occurred in past years and constructed a waste dump. We then hauled approximately 800 tons of ore off-sight and have stockpiled approximately 300 tons of ore on-sight.
5. How much **additional acreage** was disturbed during the past year? 2 acres
6. How much acreage was **reclaimed** during the past year? None
7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.
None

8. What is the **total disturbed acreage of entire project** at years end? 3 acres (1 acre of prior disturbance)
9. Briefly summarize any mining and/or reclamation plans for the upcoming year.
We plan to begin sustained operations within the next six months
We will disturb about an additional .5 acres.

NOTE: Section III., "Additional Information" applies only to **large mining operations**.

III. Additional Information - R647-4-121.2 and .3

1. **The operator shall include an updated map depicting surface disturbance and reclamation performed during the year**, prepared in accordance with Rule R647-4-105.
2. The operator shall keep and maintain timely records relating to his performance under the Act, and shall make these records available to the Division upon request.
